Dear Nela,

Thanks for your very charming and flattering letter of May 25th.

Yes, that was quite an evening we had inRome with Bergman and Rosselini. I don't think I'll ever forget it either.

Our son Jeffrey is now the film critic on WPIX and the arts editor in CBS radio, and hopes to go on to more television and writing of magazine pieces.

Please give Arthur our love and we send it to you too.

If we get to Paris or Marbella or any place where we can find Nela and Arthur that will be a happy day for us.

Fond greetings from Sylvia and

Lennie
