Dear Mme Rubinstein:

Thank you very much for a pleasant and relaxing lunch in your lovely and historic home. Each time I visit I learn more history of your extraordinary family; in addition, like you, I hope that the memorial plaque for Debussy remains on the house next door.

I shall be in Paris again during July 8-13, and I shall telephone you to say hello. In the meantime, I hope that this letter finds you in perfect health and fully recovered, and not too disturbed by the construction across the way.

With kindest regards and best wishes,

Sincerely,

James W. Pruett
Chief
