Dear Mme Rubinstein:

I very much enjoyed our recent visit in New York, and I hope that your entire stay was a pleasure for you. I also appreciated yet another opportunity to discuss the Artur Rubinstein Collection here at the Library, and to reiterate our sincere hope that your own collection of papers will join his. Together, they will be a rich source of information and inspiration for future generations of artists and scholars.

I expect to be in Los Angeles in June, and I will write to your son and arrange an appointment. As for Paris, I am not certain when I shall be there again, but you may be sure I will hope to see you whenever the trip takes place.

With kindest regards and best wishes,

Sincerely,

James W. Pruett

Dear Ms. Moreno:

It was a pleasure meeting you recently and discussing your upcoming work with the Artur Rubinstein materials. It sounds as though the Fundación Isaac Albeniz is involved in some fascinating and innovative projects; we would be grateful if you could send us some literature about the institution so that we might be better informed about your kind of archival work.

Since you were here, we have completed the rough draft of the index to our Rubinstein papers. I will be sending you a copy as soon as we do some further editing. In the meanwhile, please let us know if we can provide any information that will help as your work in Paris proceeds.

I hope that your trip was pleasant and profitable. We look forward to the possibilities of working with you on this valuable collection.

Sincerely,

Kate Rivers
